

GET RANKED SUPERBOWL CHAMPIONSHIP

Video Submission Due Friday, February 11th by 11:59 PM
Results Show Presented Sunday, February 13th at 4:00 PM

HOW GET RANKED WORKS

What is GET RANKED?

GET RANKED allows for teams to submit their BEST performance from the current season to be scored, GET RANKED and earn bids to The ONE Finals and CDE's The Finale. Teams will pay an affordable per team fee for their routine to GET RANKED. Score review procedures will still be in place with a full panel of judges that one would typically see at a real LIVE event. A rankings release show will follow each GET RANKED event to add some anticipation and excitement for the athletes.

GET RANKED Scoring

The CDE Scoring Procedures for a #GETRANKED event will follow the same procedures as a CDE Live event. Three categories will be scored for each team; Building; Tumbling; and Overall. There will be a Legality and a Point Deduction Judge review each performance. Once this occurs the contact person for each event will receive Range Reviews and have 24 hours to respond with any questions. After the 24hours it will be closed and any scores and legalities will stand. At all #GETRANKED events, our judges will do their best to review for all possible legalities. Please keep in mind that angles on video are limited and may limit what our judges can see. As a result, some legalities might not be visible in this setting.

For our Rec/Non Affiliated teams, please send legality inquiries to Heather at Scoring@cheeranddanceextreme.com

For USASF All Star Cheer & Dance, please send legality requests to USASF.

GET RANKED Registration

All registration will take place through CDE's Registration partner, RegChamp. All performances/registration must be paid in FULL 72 hours prior to the upload date so that CDE can set up the #GETRANKED event.

To Register for a CDE #GETRANKED or CDE LIVE Event please visit (www.regchamp.com/cde)
